People & Community Support

2012 Victorian Floods

2009 Victorian Bushfires

The city of Morwell in Gippsland is experiencing smoky conditions caused by a fire in the Hazelwood open cut mine.

It's important to reduce your exposure and protect those most at risk, especially children, the elderly, pregnant women, smokers or those with a heart or lung condition.

Where possible, stay indoors and keep windows closed or take a break away from the smoke affected area. The information on this page will assist you with protecting your health.

If you need information on payments or other supports available call the Department of Human Services on 1800 006 468.

Respite centre
