**SITUATION SUMMARY:**

Situation Summary	<p>The Hazelwood open cut mine fire in the Latrobe Valley remains a key priority.</p> <p>On Friday 28 Feb 14, a recommendation was issued for 'at risk' people who live or work in the South Morwell area to relocate away from near the open cut mine. Victoria's Chief Health Officer, Dr Rosemary Lester, identified 'at risk' individuals as being:</p> <ul style="list-style-type: none"> <li>• pregnant women</li> <li>• residents aged 65 and over</li> <li>• pre-school children (under 5 – including babies and infants)</li> <li>• anyone with pre-existing heart or lung conditions</li> </ul> <p>Individuals 'at risk' are being encouraged to organise their own accommodation and transport if they have the means to do so. Help is available however for those who are unable to organise suitable accommodation or transport for themselves. Individuals in these circumstances are being advised to contact the Department of Human Services hotline to make an appointment to speak with a DHS officer in person at one of three locations in Morwell.</p> <p>Residents in other parts of Morwell are still being encouraged to periodically take respite from the smoke.</p> <p>In East Gippsland two significant bushfires are not yet under control (Goongerah-Deddick Trail and Timbarra – Gil Groggin). Fire activity has subsided and there is currently no threat to community.</p>
