Since the commencement of the Life! Program we have from the Latrobe City LGA:

- 372 group participants commence the Life! Taking action on Diabetes program
- 269 group participants commence the Life! Helping prevent diabetes, heart disease and stroke program
- 27 participants commence THC

From Morwell we have

- 39 group participants commence the Life! Taking action on Diabetes program, with 8 participants completing the program
- 24 group participants commence the Life! Helping prevent diabetes, heart disease and stroke program, with 18 completing the program
- 17 participants commence THC, with 9 completing the data

In total, 74 groups have been run in the Latrobe City LGA, across both group base programs, with 8 of these being run within Morwell.

No CALD or RTGH courses have currently been run in the Latrobe City LGA.

Up until 30th June 2015, the Life! program had one provider (Latrobe Community Health Service) based in Morwell with one facilitator. However, this provider has chosen to not renew their providers service agreement for the current financial year (2015-16).

Please see attached file for further breakdown of participant by year, city within the Latrobe City LGA, program structure type and where participants withdraw from the Life! Helping prevent diabetes, heart disease and stroke group program and THC.
