Dear Mr Horne

MINING LICENCE 5004

Mining Licence 5004 has been designated as the ongoing licence.

The Instrument of Amalgamation of the ongoing licence and a new document plan is enclosed and should be attached to the licence document. The Instruments of Cancellation due to Amalgamation are also enclosed.

Upon the amalgamation of Mining Licences MIN 5449, MIN 5450, MIN 5451, and MIN 5452, into MIN 5004, the licence conditions attached to the individual Mining Licences being subsumed have been cancelled.

You should include all expenditure on the cancelled licences since the date of their last expenditure report, in the next expenditure statement for the ongoing licence.

Any further new or revised conditions to be added to MIN 5004 will be notified to IPRH in writing.

Please note that no work can be done outside of the current approved work plan area of MIN 5004 unless a work plan variation is submitted for approval by the Department.

Yours sincerely
